PREDICTIONS

Who will win the general election?

Task One: After listening to the "Meet the Candidate" presentations and taking notes, create a pie graph or bar graph showing how much (in percentage) of the vote each candidate will receive. Place your graph here:

Total points = 50

Break down: Illustrated Graph (20 points)

Paragraph Writing (30 points)

Task Two: Write a detailed paragraph addressing the topic of "who will be the next president and why". Choose at least three (3) of the issues to discuss the candidate's strengths. (Note: This might not be the candidate whom you embrace. Be objective!)
